

Disagree

How can we as a nation,
Support those that believe,
It is Ok to deny those their rights,
With whom we disagree.

We must stop those that feel the need,
To shout down those,
With whom they disagree.
How stupid can we be!

Everyone either follows all the same rules,
Or we become a nation
Of stupid fools;
Because we disagree!

Not a single person has all the right ideas,
To create a system which has a creed, so all
Can live in harmony.
We don't always have to agree.
