

Toys

Retirement is great if you see,
The benefits that can be redeemed.
I planned my future when I was young,
With a few adjustments in between.

Now I'm reaping the benefits,
The ones waited for.
I didn't have the toys most do,
But then again, it's how you kept the score.

When some are young, they want it all,
Don't wait, have it now, it's your call.
I saved my toys for later in life.
Now I enjoy them with my wife.

Enjoy life when you are young,
Or when your grey haired.
It's really up to you, and it's really not fair.
To say one way is right the other wrong.

Unfortunately when you are young,
You must decide, whether to have it then,
Or take the long ride,
And have it all, in the end.
